ordercoopcards.com

FAQ:

The site won't allow me to place an order. Can you take my order?

Contact your IT department. The issue is with the security settings on your server's firewall.

- Ask your IT department to WHITE LIST the ordercoopcards.com site.

- Give them the domain name (URL) https://ordercoopcards.com or IP address 192.145.235.46

If you have done these things and you are still unable to place your order, please contact Lori to alert us to any issues with the website and place your order over the phone.
